Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	- Opens the opticrop app/ website. - Enters soil and location details. - Explores available features.	- Uploads soil details. - Check AI crops recommendations - Views weather and fertilizer suggestions	- Selects the recommended crop - Follows farming guidance. - Gives feedback after harvest
Touchpoint <i>What part of the service do they interact with?</i>	- Mobile Application - Registration page. - Home dashboard	- AI Recommendation Dashboard - Weather section - AI prediction results	- Alerts, Reports, and Notifications. - farming guide. - feedback section

Customer Thought <i>What is the customer thinking?</i>	• "Which crop is best for my land?" • Is it easy to use? • can I trust the recommendations?	• "Are these recommendations accurate?" • Which crop gives better profit? • what should I do next?	• "I hope this improves my crop yield and income." • The recommendations helped me. • I will continue using this app.
Customer Feeling <i>What is the customer feeling?</i>	• Curious and Hopeful	• Confident and Informed	• Satisfied and Happy

Process Ownership <i>Who is in the lead on this?</i>	• Farmer	• AI Recommendation System	• Farmer with System Support
Opportunities <i>How can we improve this stage?</i>	• Simplify registration and support local languages	• Improve recommendation accuracy and provide real-time weather updates	• Add market price prediction, fertilizer reminders, and crop health monitoring
